

PRECISION CRAFTED DESIGN

- The art of precision.
- Light heavyweight.
- Simply visionary.
- Understated Overachiever.
- Inscribed in performance.
- Pattern. Recognition.
- Turbo-charged quad-core performance in an ultra-thin all-metal design.
- Stand apart with an ultra-thin elegant design and laser-etched aluminum finish.

Windows® . Life without Walls™.
HP recommends Windows 7.

PERFORMANCE. ART.

Those who demand the absolute best in everything now have a mobile PC option: The ENVY 15. We took a no-compromises approach in designing a notebook PC that straddles both art and performance. Wrapped in an exquisite, laser-etched aluminium finish this chassis is a performance powerhouse packed with top-end components.

- 15.6" diagonal High Definition® HP BrightView Widescreen Display (1366x768):
 - LED Backlit to reduce power requirements for extended battery life
 - Glossy display to improve the contrast ratio by up to 18%
 - Standard Viewing Angle
 - Brightness (200nits)
 - Color Gamut (45%)

PRECIOUS METAL

Starting at 5.19 lbs. and less than 1-inch thin, each ENVY 15 notebook is individually crafted from aluminum and a magnesium alloy then artfully inscribed with a subtle design. Each is built with best-in-class components then individually tuned for maximum performance. Small touches that delight include:

- Slim Fit Extended-Life battery that conforms to the base for seamless visual integration.
- Touch-enabled HP ClickPad for intuitive navigation of apps.
- One-touch launch keys for fast adjustments to sound, brightness and more.
- Low-luminance LED indicators to reduce harsh glaring in darkened environments.
- Design-matched external optical drive with two USB ports to double as a dock.
- The full-version software you want for video development and more; nothing you don't.
- HP QuickWeb for access to email and web apps within seconds of powering on.

SOUNDS LIKE FUN

The world-class Beats™ audio system offers crisp stereo sound with one-button bass enhancement to make your music sing through line-out to headphones or external speaker systems. Its powerful audio profile is tuned specifically for ENVY's exceptional audio components and tested by Interscope musical artists. It provides amazing, crystal-clear sound, with deep controlled bass that can be accessed with a single key stroke.

THE BEST APPS BUILT IN

A smart software package means you get a simple yet useful set of applications, plus Quick access to web browsing and email without having to fully boot.

NIGHT LIFE

The HP ENVY 15 webcam is optimized for zero lighting conditions. It employs sophisticated sensors that integrate with Windows® 7 to adapt to its surroundings and provide the optimal user experience for personal content creation or simple chat/communication.

- Adaptive brightness. Ambient light sensor determines the optimal brightness requirement and automatically adjusts the LCD luminance level accordingly.
- IR LED interfaces with the webcam and provides the necessary illumination to operate in very dark or no light environments. No more fuzzy or ghost-like appearance!

YOU CALL. WE ANSWER.

ENVY owners enjoy award-winning HP Total Care service and support around the clock, so you'll spend more time enjoying your computer and less time trying to figure stuff out. During your standard one-year hardware warranty you get:

- Dedicated toll-free telephone support at 1.866.408.5408 from an ENVY expert.
- Convenience of shipping free of charge to and from HP Repair Centers, either from your home or from a local FedEx™ Office store.
- Real-time online chat. E-mail, usually answered within one hour.
- For extra peace of mind, an HP Care Pack Service provides affordable extended coverage for your product. Visit www.hp.com/go/totalcare to learn more.

Business Week ranked HP as the number one technology company for customer service (April 2009). **U.S. only. 24/7 service and support for the first year. (B2)
