dv7 in brushed aluminum: innovations for comfort and convenience.

HP technology is inspired by the way you think, feel, act and interact:

- HP's CoolSense Technology makes it cool to lounge around with your notebook. By rethinking the materials, venting, and the placement of components, HP has pioneered new designs like the dv7 that feel noticeably cooler. With an exclusive software control panel (included), simply select your comfort level. Your dv7 will sense whether you're using it at a desk or, say, on a couch—and adjust accordingly.
- HP SimplePass: access your PC and online accounts with a swipe of your finger. Remembers your passwords for you!
- Chat in HD⁽⁸⁾ with the HP TrueVision HD Webcam.⁽¹⁵⁾ When there's less light, your webcam automatically boosts sensitivity—so you can still look your best in even with lights turned low. Capture high quality HD video⁽⁹⁾ or still images. Send to friends, upload to Facebook!⁽¹⁵⁾ Bonus: Built-in dual array microphones help quell background noise for clearer, crisper vocals.

Spectacular entertainment. A feast of viewing and listening!

Major studios have long relied on HP technology when making blockbuster movies, from Disney's Fantasia (1940) to DreamWorks Animation's Kung Fu Panda 2 (2011). No wonder your HP Pavilion dv7 notebook delivers outstanding entertainment value: it's in our DNA.

- Hear what you've been missing with Beats Audio™, available exclusively from HP. In collaboration with Dr. Dre, Will.i.am and Interscope Records founder Jimmy Iovine, HP audio engineers now deliver the best audio experience available on a PC today. HP notebooks with Beats Audio™ do things differently: Eliminate electronic background noise; go from whisper quiet to blasting loud without flattening out the sound; add powerful amplifiers for full-bodied sound—and a bass boost button to pump up volume even more. Beats Audio™ lets you hear—and feel—all the music, just as the artist intended.
- Feel the full range of treble and bass frequencies powered by 12W of combined speaker and subwoofer amplifier output with the HP Triple Bass Subwoofer.
- Vivid color sweeps across full-screen HD content with the brilliant 16:9 HP BrightView display. Dive in!
- Sometimes bigger is better. The HDMI port on your dv7 notebook connects to your HD-TV⁽⁴³⁾—so everyone can watch together!
